That rule repromulgated provisions of part 75 that were originally published late in 2016. It also made amendments to 45 CFR 75.300(c) & (d).

Specifically, the rule amended subsection (c), which had stated, “It is a public policy requirement of HHS that no person otherwise eligible will be excluded from participation in, denied the benefits of, or subjected to discrimination in the administration of HHS programs and

services based on non-merit factors such as age, disability, sex, race, color, national origin, religion, gender identity, or sexual orientation. Recipients must comply with this public policy requirement in the administration of programs supported by HHS awards.” The rule amended subsection (c) to state, “It is a public policy requirement of HHS that no person otherwise eligible will be excluded from participation in, denied the benefits of, or subjected to discrimination in the administration of HHS programs and services, to the extent doing so is prohibited by federal statute.”

Additionally, the rule amended paragraph (d), which had stated, “In accordance with the Supreme Court decisions in *United States v. Windsor* and in *Obergefell v. Hodges*, all recipients must treat as valid the marriages of same-sex couples. This does not apply to registered domestic partnerships, civil unions or similar formal relationships recognized under state law as something other than a marriage.” The rule amended paragraph (d) to state, “HHS will follow all applicable Supreme Court decisions in administering its award programs.”
